Professional Summary

Operations and Program Management professional with experience leading large-scale workforce development, CSR, and education initiatives across multi-location environments. Proven track record managing end-to-end program execution, stakeholder operations, compliance workflows, and cross-functional coordination impacting 4,500+ participants. Skilled in operational strategy, process optimization, performance tracking, and scalable execution through data-driven decision-making and systems-oriented problem solving. Experienced in managing high-volume operations, improving delivery efficiency, and aligning execution with organizational and business goals.

Key Achievements

- Managed multi-location operations and program execution impacting 4,500+ participants across workforce development and CSR initiatives.
 - Led onboarding, operational coordination, and lifecycle management for 900+ participants while ensuring compliance and delivery efficiency.
 - Improved operational workflows, reporting accuracy, and stakeholder coordination through process optimization and structured execution systems.
 - Reduced administrative and operational expenses by 20% through vendor coordination, resource optimization, and expense tracking initiatives.
 - Supported successful execution of government-funded and corporate-sponsored programs through cross-functional coordination and compliance management.
 - Built and streamlined reporting, documentation, and operational tracking processes using CRM, ERP, and advanced Excel systems.
-

Professional Experience

[Edubridge Learning](#), Bengaluru, Karnataka

Assistant Manager - Operations | *April 2026 – Present*

- Manage end-to-end operational execution for workforce development and institutional intervention programs, ensuring seamless delivery across multiple initiatives.
- Oversee program schedules, operational workflows, resource allocation, and stakeholder coordination to maintain delivery consistency, efficiency, and minimal escalations.
- Ensure adherence to SOPs, compliance standards, and audit requirements through accurate documentation, validation, MIS reporting, and operational tracking processes.
- Coordinate cross-functionally with Program Managers, trainers, reporting teams, and operational stakeholders to align execution timelines and delivery standards.
- Identify process bottlenecks and implement workflow optimization initiatives to improve reporting accuracy, operational efficiency, compliance adherence, and service quality.

Rooman Technologies, Bengaluru, Karnataka

Operations Project Manager | *April 2025 – April 2026*

- Led end-to-end execution of large-scale government-funded workforce development programs across multiple locations, managing operations impacting 4,500+ participants.
- Managed complete project lifecycle activities including planning, execution, progress tracking, reporting, compliance adherence, and operational governance across regional programs.
- Oversaw onboarding, lifecycle coordination, and operational management for 900+ participants, ensuring seamless execution and process compliance.
- Improved operational efficiency through workforce planning, scheduling optimization, stakeholder coordination, and cross-functional resource allocation.
- Conducted internal audits, operational reviews, and team training initiatives to strengthen compliance standards, reporting accuracy, and process consistency.
- Streamlined reporting, documentation, and workflow tracking using CRM, ERP systems, and advanced Excel-based operational dashboards while resolving operational escalations and improving stakeholder experience.

The Smart Owl Academy (SOWL Academy), Bengaluru, Karnataka

Operations & Customer Journey Coordinator/Consultant | *Aug 2024 – Apr 2025*

- Coordinated end-to-end operational workflows, stakeholder communication, and customer journey activities to support seamless execution of programs and organizational initiatives.
- Oversaw administrative operations including vendor management, procurement coordination, and facility operations using ERP and CRM platforms.
- Analyzed operational and performance data to generate actionable insights, streamline reporting processes, and support data-driven decision-making.
- Collaborated cross-functionally with academic, operational, and administrative teams to improve workflow efficiency, execution consistency, and participant experience.

Student Community Associate & Admin | *May 2023 – Aug 2024*

- Developed and implemented internal training initiatives that improved onboarding efficiency, team coordination, and operational performance.
- Managed administrative operations including asset management, vendor coordination, expense tracking, and CRM workflows, contributing to a 20% reduction in operational costs.
- Generated operational and student performance reports to support data-driven decision-making, workflow tracking, and academic coordination.
- Coordinated career reboot and community engagement initiatives while supporting participant communication, event operations, and brand engagement activities.

Community Management Intern | *Dec 2022 – May 2023*

- Managed learner communication and engagement across community platforms, ensuring timely query resolution and participant support.
- Conducted market research and supported community engagement initiatives, content planning, and coordination activities to improve participation and audience interaction.
